18. Brief Course Description -

This HiSet Social Sciences class prepares students for the social studies section of the HiSet (High School Equivalency Test), providing the knowledge and skills necessary to successfully pass the exam. The course covers key topics across history, government, economics, geography, and sociology. Students will explore significant historical events, analyze the structure and functions of governments, and study economic principles and their impact on societies.

The curriculum emphasizes critical thinking and the ability to interpret primary and secondary sources, charts, and graphs. Students will gain a deeper understanding of U.S. and world history, civics, and key concepts in economics, including supply and demand, market structures, and the role of government in the economy. Geography lessons focus on understanding physical and cultural landscapes, while sociology sections provide insights into social structures, norms, and changes in societies. No prior advanced knowledge of social sciences is required.
